was got prepared by the Executive Engr, Hassan Division. The estimate prepared by the Executive Engr is for Rs 6900 & the same has been raised to Rs 7480 after scrutiny in the Ch: Engr's office. The Difference of Rs 580 between the two is stated to be mainly due to the provision of Rs 680 added to the estimate on account of the usual establishment Tools and Plant charges.

2 The amount of the estimate has been proposed to be met from the amount at the credit of the Math on 30-6-23, viz Rs 11,463-11-1, as stated by the Comptr.

3 It will be seen from the Swamij's communication dt 9-7-24 to the S.D.O (P.W.D) that the plan of the building is not as desired by him & that the building should be according to the plan sent by him with his letter dt 17-10-22. It is not clear whether the Swamij's request has been complied with. In para 3 of his letter, the Ch: Engr states that a fresh plan for the building proposed to be constructed has since been received & forwarded. Out of the 3 plans in the file it is not known, which is the one referred to by the Ch: Engr.

6 It is subd that the Mall is under Govt management & it is for this reason that the Swamy of the Mall has been requesting the Govt to construct a matt building for his residence outside the town during plague (and this point has been briefly noted upon at the commencement) The Swamy sent a plan and estimate to the Amildar, which were sent to the Executive Engr for scrutiny & verification, as under recent orders, all Mysore estimates have to be executed by the P.W.D, the D.C. in his memo: No. 939 of 15-2-23 requested the Ex: Engr, Hassan Division to get the plan & estimate prepared. The plan & estimate amounting to Rs 6,000 was, accordingly, forwarded by the Ex: Engr. with his memo: No. 603 of 28/3/24.

The Myg: Comr in forwarding this thro the Sh: Engr for Govt sanction, states that the estimate amount may be met out of the sum of Rs 11463-14 at the credit of the Mall on 30-6-23, as stated by the Comptr. In view of this the Amildar's statement that there was not sufficient balance at the credit of the Mall was not noted upon.

With regard to the discrepancy between the Amildar's & Comptr's figures about the balance at the credit of the institution, it may be noted that the Amildar's figures balance according to the Amildar, was Rs 890-13-9 at the end of Octr 22 & the balance according to the Comptr. was Rs 1146 3-4 on 30-6-23. Of the two, the latter must be taken as correct. Enquiry will be made, if necessary.

SIR,

In forwarding herewith a copy of letter NOC 982/23-24 dated the 5th May 1924 received from the Muzrai Commissioner in Mysore in the matter of constructing a mutt for being used as a residence of the Swamigalu of Sravanabelagola mutt in the Chennarayapatna Taluk in case plague should break out in the town, I have the honour to inform you that the amount of the estimate as scrutinised by this office comes to Rs.7480/- against Rs.6900/- as prepared by the Executive Engineer, Hassan Division.

2. The difference between the two amounts is mainly due to the provision of Rs. 680/- now made on account of the usual establishment and Tools and Plant charges.

3. A site plan for the building proposed to be constructed is since received and the same is herewith forwarded. No compensatic for the land to be taken up for the building is necessary as it is reported that the plot belongs to the mutt authorities.

4. The favour of early sanction to the estimate is requested so that the work may be taken up and completed as early as practicable

5. The file received from the Muzrai Commissioner is also herewith forwarded.

Letter No C. 982/23-24 , dated the 5th May 1924 from the Muzrai Commissioner in Mysore, to the Secretary to Government, Revenue Department (through the Chief Engineer of Mysore) Bangalore.

I have the honour to state that at the request of the swamigalu of Sravanabelagola Mutt in the Chennarayapatna Taluk an estimate for Rs.6900/- was got prepared by the Executive Engineer, Hassan Division for the construction of a residence outside the town of Sravanabelagola for the use of the swamigalu as the swamigalu has to camp outside the town when there is plague. He feels much inconvenience having no suitable building for even temporary occupation and wants to provide for this contingency. The Amildar of the Taluk in communication with the Swamigalu requests early sanction to the estimate, the charge being met from the funds of the institution.

The institution had at its credit uninvested surplus of Rs.11463-11-1 on the 30th June 1923 as per statement furnished by the Comptroller and the estimate for Rs. 6900/- now received may be sanctioned the charge being met from the amount available at the credit of the institution.

The plan, estimate and other enclosures received with the Deputy Commissioner's letter No.339/22-23 dated the 3rd April 1924 are herewith ~~xxxxxxxx~~ submitted for reference and kind return.

Proceedings of the Chief Commissioner of Mysore.

Read:- Ashtagram Commissioner's Memo dated 13th November 1878 on the subject of the management of the ~~xxdxk~~ fasdik allowance etc., of the Sravanabelagola Mutt and Inam villages in the Chennarayapatna aluk.

2. Ashtagram Commissioner's No. 714/214 dated 10th January 1879 requesting the favour of being informed, whether any final orders have been passed on the above.

3. Brahmasurasashastrie's petition No. 1709 praying that the Inam villages may be placed under the management of the Guru (order thereon No. 0710/00 dated 30th January 1879).

In the Memo above recorded the Commissioner proposes to revert to the arrangements ordered in para 9 of this office letter No. 2020/29 dated 19th June 1874 by which it was directed that the accounts connected with the revenue of the Inam villages with which the Temple is endowed, should hereafter be rendered to the Taluk Amildar by the Temple. Parupathegar or the Guru accounting for the money passing through his hands for the performance of the ceremonies mentioned in the Fasdik Patti (2) the total revenue of the Inam villages is reported to be about 0172 and deducting therefrom the Fasdik allowance which according to the Patti of 1861 amounts to 0191 as shown in the margin, there remains a balance of about 0 7/- yearly for contingencies and repairs to Parsvanabelagola Jain Temple. Colonel Hay recommends that the Guru must be allowed to expend all the surplus according to the Fasdik Patti.

5. The Chief Commissioner concurs in the Commissioner's recommendation but considering the interests involved and the dissensions existing within the mutt, it is essential that the Ashram budget may be raised on average annual income of Rs.2500/- and for this will be provided an efficient officer on fixed salary of not less than Rs.50/- per mensem as Superintendent. He will be responsible to the Amildar and ultimately the Deputy Commissioner in the Revenue Department for the collection of the Revenue and annual account of the same collection and the balance will be transferred by him to the Amildar as well as the mutt. The money may be paid to the Guru except a certain sum to be reserved as may be necessary for the current repairs and the Guru will be required to account annually for his disbursements to be made within the limits of the Ashram budget as revised.

The Superintendent may be nominated by the Guru to be approved by the Amildar under orders of the Deputy Commissioner if he considers him proper and fit person.

This when added on to the sum of Rs.3245-0-0 the balance on 30-6-23 according to Taluk figures would come to the --- figures furnished by Comptroller as it stood on 30th June 1923 with a small difference of Rs.150/-.

The Comptroller has this day been requested to furnish the -- actual balance as it stood on 30th June 1924 and the same will be -- intimated on receipt of his reply.

A copy of the Deputy Commissioner's letter is enclosed for reference.

Sir,

With reference to your letter No.1279/Muz.116-24-8 dated 2nd March 1925 calling for further particulars re the necessity for constructing a new building outside the town of Sravangabelgola for the Swamis residence during the plague season I have the honor to state that the Deputy Commissioner Hassan District reports in his letter -- No.O.C.939 of 22 dated 20-21st July 1925 (copy enclosed) that the construction of the building is quite necessary owing to frequent out breaks of plague in the town and that the plan and estimate meet with the approval of the Swamigalu.

2. The Comptroller who was requested to intimate the amount ---- available at the credit of the institution has stated in his letter - No.119 TADB dated 6th August 1925 that the cash balance at the end of June 1925 was Rs.6719-13-0 (Preliminary). The Swamigalu has made a request that the work might be entrusted to the Matt authorities for execution. If the request of the Swamigalu is granted the net amount required for the estimate as scrutinized by the Chief Engineer will be Rs.6800/- only (excluding the establishment, tools and plant charge of Rs.680/-). In addition to the amount now available the Matt gets in October next about Rs.650/- by way of interest on its investment in - the 6½% State loan.

3. In these circumstances, I recommend that the estimate may be sanctioned for Rs.6800/- and the work allowed to be executed by the
